CUIDADOS COM A PORCELANA

Evite deslizar as peças umas sobre as outras para evitar riscos ou manchas permanentes.
As peças decoradas com ouro e platina são muito sensíveis; evite deslizar estas peças umas sobre as outras; evite limpar com esfregão.
Ao limpar estas peças, utilize um pano suave embebido em álcool para evitar manchas. Peças em biscuit, quando manchadas, podem ser lavadas com água, detergente e uma escova.

Micro-Ondas
Peças decoradas com ouro e platina não podem ser usadas no micro-ondas.
Restantes decorações são seguras.

Máquina de Lavar Louça
As especificidades de lavagem à máquina variam - detergente, ciclos, temperatura, características da água e resíduos de comida, entre outros - e podem danificar as decorações com ouro e platina. Por estes motivos, a Porcel não recomenda a lavagem de peças decoradas com ouro e platina na máquina de lavar louça. Quando usadas em máquinas de lavar louça industriais (compatíveis com hotéis e restaurantes) a durabilidade da decoração com ouro ou platina baixa significativamente.

PORCELAIN CARE

Avoid sliding pieces over each other to prevent scratches or permanent marks.
Pieces decorated with gold and platinum are very sensitive; avoid sliding these pieces on top of each other; avoid cleaning with a scouring pad.
To clean these pieces use a soft cloth damp with alcohol. Pieces with a biscuit finish, if stained, can be washed with water, detergent and a brush.

Microwave
Pieces decorated with gold or platinum should never be used in the microwave.
Other pieces are microwave safe.

Dishwasher
The specifics of machine washing vary—detergent, cycles, temperature, water characteristics, and food residue, among others—and can damage gold and platinum decorations. For these reasons, Porcel does not recommend washing gold and platinum decorated pieces in the dishwasher. When used in industrial dishwashers (compatible with hotels and restaurants), the durability of gold or platinum decoration decreases significantly.
